

HAINSWORTH®
MATCH
MADE IN ENGLAND

Created by a Champion. For Champions...

The table of choice of the Blackball International World Pool Championships, Australia 2020.

Blackball Tables have two variations; The Elite and The Club - developed in conjunction with pool legend and multiple World Champion Ross McInnes.

The Elite is designed with an International and European table specification, with tighter cut pockets favoured for International and World events. The Club table is a standard pocket size favoured by amateurs, clubs and pubs and the general domestic market.

Blackball Tables are 100% British built by skilled craftsmen at Optima Pool, the leading UK manufacturer of championship quality pool tables.

All our Blackball Table pool tables are fitted with Hainsworth Match tournament cloth as standard and come with a complimentary TAOM racking cloth.

The table top is uniquely locked down with twelve quick release cushion fittings, ensuring the ball response is uniform on all cushions on our freeplay tables and six on our coin mechanisms.

**Manufactured in 6 decors;
Black, White, Walnut, Dark Walnut, Midnight Grey & Silver Oak.**

- **Bespoke colours available as an option.**
- **Delivery and professional installation services available (mainland UK only).**
